5. Carbon Credit Solutions

Oribue Fresh Pvt. Ltd. is proud to be part of the rapidly growing field of Carbon Credits, helping individuals, businesses, and communities transition toward sustainable and environmentally responsible practices. We provide guidance, solutions, and project development for generating carbon credits under national and international standards.

What Are Carbon Credits?

Carbon credits are tradable certificates representing the reduction or removal of one metric ton of carbon dioxide (CO₂) or its equivalent in other greenhouse gases (GHGs) from the atmosphere. These credits can be sold to companies or governments seeking to offset their emissions and meet climate targets.

Our Carbon Credit Services

- ✓ Project Identification & Feasibility — assessment based on CDM (Clean Development Mechanism), Verra (VCS), Gold Standard, or Indian Carbon Market (ICM) guidelines
- ✓ Sectors We Focus On — Agriculture, Renewable Energy, Forestry & Land Use, Waste Management, Industrial Emission Reductions
- ✓ Documentation & Registration — end-to-end assistance with approved carbon credit bodies
- ✓ Monitoring, Verification & Issuance — full project lifecycle management
- ✓ Carbon Credit Trading — support in marketing and selling credits on domestic and global platforms

How We Help You Generate Carbon Credits

- Identify Eligible Projects (farming, energy, waste, etc.)
- Baseline Emissions Study
- Design the Project to meet certifying body requirements
- Register the Project under CDM, Verra, or local frameworks
- Monitor & Report performance over time
- Get Verified and Issued carbon credits
- Sell or Trade credits for revenue or offsetting purposes

6. Manufacturing & FMCG Products Division (Retail & Wholesale)

Oribue Fresh Pvt. Ltd. also manufactures and supplies a wide range of everyday food and household products for retail and wholesale sale across India. Every product is produced under strict quality and hygiene standards, and packed to suit both household consumers and bulk institutional buyers.
